

src/Vector2Int.cpp

```
graph TD; A[src/Vector2Int.cpp] --> B[Vector2Int.h]; B --> C[vector]; B --> D[stdexcept];
```

A diagram illustrating the relationship between a C++ source file, a header file, and the standard library headers it includes. At the top is a grey box labeled 'src/Vector2Int.cpp'. A blue arrow points down from this box to a white box labeled 'Vector2Int.h'. From the 'Vector2Int.h' box, two blue arrows point down to two separate grey boxes: 'vector' on the left and 'stdexcept' on the right. All boxes have a small folded-corner icon in the top right.
